National Institute of Technology Surat — Gujarat, India
B.Tech in Electronics and Communication Engineering — CGPA: 7.40 — *2023 – Present*

GSHSEB Board — Gujarat, India
Higher Secondary Education — Percentage: 78% — *2023*

GSEB Board — Gujarat, India
Secondary Education — Percentage: 76% — *2021*

Projects

Fake Account Detection System | *Echelon Hackathon Project* 2026

- Built a fake social media account detection system using Random Forest for behavioral analysis and BERT-based NLP for profile bio and text classification.
- Integrated TextStat linguistic features including readability and lexical complexity metrics to improve bot vs human detection accuracy.
- Developed a FastAPI backend and Streamlit dashboard to visualize prediction scores, model insights, and real-time explanations.

Helper Buddy | *GWOC Project* 2025

- Developed a cleaning service booking platform using Next.js App Router with responsive UI and optimized routing.
- Implemented global state management using Zustand and integrated Prisma ORM with PostgreSQL for database operations.
- Deployed the full-stack application with production-ready configuration and scalable backend architecture.

Chat Application | *Personal Project* 2025

- Developed a real-time chat application with file and image sharing capabilities.
- Integrated Socket.IO for low-latency communication and Cloudinary for secure media storage and delivery.
- Built a scalable backend using Express.js and Mongoose for efficient message persistence and user communication.

POSTLY – Blog Application | *Personal Project* 2025

- Designed and developed RESTful APIs using Express.js with MongoDB integration for blog management.
- Built a responsive frontend using React.js and Tailwind CSS with optimized user experience.
- Deployed backend services on Render and frontend application on Vercel for production hosting.

Technical Skills

Languages: Python, JavaScript, C++
Frameworks: Next.js, Express.js, Tailwind CSS
Libraries: React.js, Socket.IO
Databases: MongoDB, PostgreSQL
ORMs: Prisma, Mongoose
Tools: Git, GitHub, Postman, VS Code, Vercel

Positions of Responsibility

Google Developer Group, NIT Surat — Oct 2024 – May 2025
Junior Developer

ACM Club, NIT Surat — Aug 2024 – Mar 2025
Executive
